I ATTENDED THE MONTHLY HHOT MEETING. BELOW IS A SYNOPSIS OF THE MEETING:

Alex from The Center brought the meeting to order. She gave a brief explanation of what will be discussed in today's meeting. She advised Spencer will be leaving and the many changes in staff at The Center including new hierarchy, new hires and volunteers. They are still working from the trailers Monday, Tuesday and Thursdays in the parking lot between 0800 and 1100 hours. Alex, as well as others, emphasized to have clients come on those days around 0900 hours for coffee and meet staff as well as caseworkers. They later expressed if we have new persons in the Hollywood area, they are more than welcome to come and get acquainted with staff and outreach services available. There will also be structured meetings at the two local libraries on Wednesday and Friday. An activities schedule will be posted at The Center.

Reggie from PATH introduced new personnel; one of which was a mental health clinician. Later, Reggie explained the areas they are concentrating on between two outreach teams. They will be available between 0730 and 1600 hours. He offered assistance with transportation if service providers need the help. He did explain a dilemma with beds- there are

no available beds at this time. Beds are available for CES matched clients. They may make an exception for clients who have completed a SPDAT, working with an agency and in the process.

Martisha and Luz from LADMH advised of two recent placements but were unable to give any specific information. Later, they explained all new FSP referrals must be evaluated and approved by Nancy.

LA Youth Center has no recent placements. They have a shelter with beds for those potential clients under the age of 25.

Robert Morrison from Housing Works explained how they evaluate each individual client to see if they will fit their criteria. They are handling six new referrals which were referred by our agencies. Most of their clients have medical problems.

Herman (prior PATH) is now working for GettLove. He is working with potential clients referred from MFP. He is also working, and looking, for potential clients for Michael's Village.

Mark is currently working with Veteran's but still affiliated with Step Up. His case load only consists of Veteran's. He asked us to send him any new Veteran's that he could assist with housing- if he is not available Alex could start the process. Chester Reyes from the VA was also present.

Jill from Step explained the criteria she needs for new referrals. The criterion consists of chronic homeless, no 'open' DMH clients, 18+ years of age, and mental illness. She advised the only set back is her case workers can only follow a client up to a year after they are housed. She is still anxious to help in any way.

Antoine (prior Broken Hearts) will be starting with The Center. He brought up specific concerns involving outreach hours, locations, services and actual placement. This brought up other concerns listed below by Alex.

He had two guests- Kion from the Library on Ivar Avenue. He begged all the service providers to visit the library. Nathan Sheets from The Center pointed out the generosity of the

staff at the library involving the homeless. Nathan organizes the meetings at both Hollywood libraries. The second guest was Jenna from the UCLA mobile clinic. She explained the services they provide. They are posted at Sycamore Avenue and Romaine Avenue for the food line. The majority of the staff is volunteers but is anxious to assist with SPDAT, CES, or any other outreach assistance we might need.

Alex reviewed the many complaints that have evolved with CES and its affiliates. Project based housing, shelter plus care vouchers, supportive services, and to be more specific-specific rules and their leniency, the level of supportive services offered, and incorporating multiple agencies working with the same client.

### **Veterans:**

### **Project Based Housing:**

All Project based Shelter Plus Care units are now required to go through CES. We as a community need to partner together to find ways to provide supportive services in clients in CES so that they can move into these housing opportunities. Specifically:

-Does your agency have the capacity to provide supportive services to clients moving into project based housing?

-How can you support this effort?

-How can we as a community develop a protocol to respond to these vacancies in 48 hours?

## Outreach in Hollywood:

***Below is a list of agencies doing outreach in Hollywood. Please e-mail us to make additions or corrections to this list. We will do our best to keep it active and updated.***

**BID** - Our BID officers are out every day on the streets in our community. If you ever need help locating a client, they are a great support. Our HHOT rep Mike can be reached at: [solsocoog@aol.com](mailto:solsocoog@aol.com)

**The Center** - The Center has a 2 person outreach team covering Midtown, Hollywood, and East Hollywood/Los Feliz. This team aims to know the names and faces of everyone in the community, administer assessments, and provide navigation support on an as-needed basis (dependent upon capacity). Please contact Douglas Walker at [jondouglaswalker@gmail.com](mailto:jondouglaswalker@gmail.com)

**FSP** Hollywood FSP has a new supervisor, Zlatina Radeva. Her contact is 818-599-9348. Referrals for Hollywood FSP must be submitted to Nancy Weiner [nweiner@dmh.lacounty.gov](mailto:nweiner@dmh.lacounty.gov)

**PATH-** PATH is restructuring. Reggie will Moises will be leading a 6 person team covering the territory from West Hollywood to East Hollywood. Reggie can be reached at: [ReggieH@epath.org](mailto:ReggieH@epath.org)

**Step-Up MIT Team** - Step-Up's MIT team covers all of SPA 4 (with the exception of Skid Row). This team works to do outreach by referral only. This team can enroll individuals in mental health services, has a psychiatrist on staff, and call follow clients through housing for approximately 18 months after the move-in date. Ideal candidates for this team are individuals who can (mostly) verbalize a desire to receive mental health treatment and housing but who are unable to maintain an open case with a directly operated clinic. The team lead is Jill. Her contact is [jill@stepuponsecond.org](mailto:jill@stepuponsecond.org)

**UCLA Mobile Clinic** - The UCLA mobile clinic is located at the West Hollywood Food Coalition every Wednesday. The
